HOW TO USE:

1. Install the app through “installer.exe” file found inside the HMS.rar file
2. It will extract all the related files in the folder “Hospital Management”.
3. Open that folder and look for the application named “Login”.
4. Open the application.
5. Passwords and usernames are the same as roles e.g., Admin has password username as “admin”.
6. You are good to go.
